**BACHELOR OF HEALTH AND
PHYSICAL EDUCATION**

UNIVERSITY
OF WOLLONGONG
AUSTRALIA

Welcome to the Bachelor of Health and Physical Education

Welcome to the University of Wollongong's Health and Physical Education program. This booklet is an orientation and study guide which outlines some of the basic information you will need during your first few weeks in the course.

One of the most important contact details you need to know at this stage is the Faculty of Social Sciences Student Services Centre (SSC). The SSC is where students can have questions answered concerning timetables, course enquiries, enrolment, tutorial enrolment, etc. The Enquiry Counter is administered by SSC staff members and is open between 8.30am - 5.00pm. When necessary, students will be directed to the appropriate academic staff member for support.

The SSC is located on the ground floor of Building 23 at the western end of the campus. To locate buildings please access the [Campus Map](#).

If you have any questions regarding subject choice or if you encounter any problems related to your course progress, you should contact the convenor of your program.

Selecting Your Subjects

When you enrol, your subjects will be pre-loaded for you. Ensure you follow the right study pattern by following the [course handbook](#) listing for your degree.

The course handbook is a useful link to bookmark as it lists the subjects that make up your degree, and if you click on the subjects you can see whether they will be offered in Autumn or Spring session. From time to time subject details may change, so this is a good site to keep checking as it will be updated regularly.

The screenshot shows the University of Wollongong Australia website. The top navigation bar includes links for About, Jobs, Newsroom, Library, Give to UOW, People & Places, Alumni, and Community. There are also links for Intranet and Current Students. Below the navigation bar, the main header features the University of Wollongong Australia logo and three main sections: STUDY AT UOW, RESEARCH & INNOVATION, and INTERNATIONAL. The breadcrumb trail indicates the user is on the Course Handbook page. The main heading is "Course Handbook". On the left, there is a sidebar with links for 2016 Courses (Undergraduate and Postgraduate), 2017 Courses, Subject Information, Rules & Policies, and Archives. The main content area features a large image of two students smiling, with a text overlay that reads "UOW Online Course Handbook". Below the image, the heading "Course Handbook Information" is followed by a paragraph explaining the purpose of the handbook. A section titled "Which handbook do I follow?" provides guidance on selecting the correct handbook based on the year of commencement. A final note states that course, subject codes and names can change over time and advises contacting the course coordinator or Head of Students if in doubt.

You will need to enrol in your tutorial and lab classes online. To find out when will online tutorial enrolment opens, have a look at this site: <http://www.uow.edu.au/student/timetables/openingtimes/index.html>

If you cannot enrol in your first choice you need to put your name into another tutorial slot so that later on you can negotiate a swap with another student. Special consideration can only be given to extreme cases and, although we attempt to meet the needs of all students, work schedules and child-care are not generally considered by the University as warranting special consideration.

Tutorial enrolment is completed through your SOLS account.

Communication with the School of Education

The UOW [Get Started](#) site has information about the systems we use to communicate with you at UOW.

SOLS is the University of Wollongong's Student Online Services. SOLS allows you to self-manage your enrolment and personal information. Log in and have a look through the menu items; you may even see some messages from staff in your SOLS account too. The [SOLS log in box](#) is available on the Current Students website.

SOLSMAIL (or SOLS Messages), is the main tool UOW will use to contact you. Your lecturers will send you emails via SOLSMail. Check it at least once a week so that you don't miss out on important messages. [Help with SOLS](#) is available on our website.

UOW EMAIL accounts are provided during the enrolment process. Email account [login, help and support](#) is available on our website. If you prefer to access a work or home email account you can set your UOW account to forward all emails. You must always use your UOW Email account for all communication with UOW staff. We do not respond to personal accounts (e.g. gmail).

UOW PASSWORDS are provided during enrolment (your first password will be random). This password will allow you access to SOLS, your elearning site, the library and your UOW email account. The next time you log in you should update this password to something memorable, and set up a challenge so that if you do forget the password it can be easily re-set. You can [manage your password](#) (re-set or retrieve a forgotten password) online.

ETIQUETTE – CONSULTATIONS AND EMAIL CORRESPONDENCE

Academic staff make themselves available for consultation with students at set times throughout the week; you will find the times in your subject outline and on their doors. Try to contact your tutor or coordinator during these times. It is best to phone or email first to make an appointment. Every attempt is made to respond quickly to emails but delays may occur for a variety of reasons – please take this into account when contacting academic staff. When emailing, please make sure you use your UOW email and set out your request professionally and clearly. **Always sign with your full name and student number.**

You can create a signature in your UOW mail:

- Click on new at the top of the page
- Click on Add-ins at the top of the page
- Click on My Templates on the right hand side
- Click on Signature and create a template that will show your name/student number/degree on every email

Accessing your subject materials

The platform used to deliver subjects is called Moodle. You need to be formally enrolled in the subject, in the correct session, to be able to access the Moodle site for the subject.

STEPS FOR ACCESSING THE SUBJECT MATERIAL:

1. From University Home page: <http://www.uow.edu.au> go to *Current Students* ('duck' link in top corner)
2. On the Current Students page, use the red SOLS (Student On-Line Services) link on the right-hand-side of the page. Enter your UOW username and password in the login fields.
3. Your SOLS homepage is displayed. Click on the *eLearning* link from the top on the main menu list (left-hand-side).
4. Your subjects for this year will be displayed in a list.
5. Click on the required subject to open the Moodle eLearning site. All other subjects you are enrolled in will be available on the left-hand navigation column.
6. Download the subject outline and read. Other materials and resources may be available on the site for you to explore.

Academic Consideration

Academic consideration is designed to help you when you're sick or injured, or have run into a serious, unplanned situation that has affected your ability to study. If you are sick and can't make it to class – submit an AC to advise your coordinator that you won't be there. If you are sick and can't submit your assignment on time – submit an AC to ask the coordinator for an extension.

Apply for AC through your SOLS account – make sure you have a medical certificate or supporting documentation.

Reasonable Adjustment

Reasonable adjustment is the removal of barriers to ensure full participation in learning.

Students with a disability are encouraged to register with [Disability Services](#). Upon registration a **Disability Liaison Officer** (DLO) can provide advice on how particular disabilities affect university study and information on resources available at the University for assisting students with a disability.

Library

The UOW library offers many services to students. Students also benefit from a number of services including reciprocal borrowing arrangements with other libraries across Australia. Information about [library services](#) is available at the UOW Library website.

Take some time to investigate and browse the library website– it will help you when it comes time to [research and write your assessment tasks](#). The library site includes a guide to referencing and citing when writing academic papers. There is also a [quick-reference guide](#) on the School of Education website.

Start Smart

This interactive introduction to the library is vital to all students – whether you are new to the university or coming back to tertiary study after some time in the workforce, StartSmart will advise you how to access the academic material you need to engage in the subject. See how much you know about using the UOW library by taking the StartSmart course.

Student Support and Wellbeing

We know that for postgraduate students work and family commitments and personal circumstances can sometimes get in the way of study. Education students can access help and support through the UOW [Student Support and Wellbeing](#) services, and through our dedicated Student Support Advisors (SSAs). SSAs provide liaison, support and referral to students to help them manage these commitments and circumstances without negatively impacting your degree.

There are a number of [UOW services](#) that you may wish to investigate:

- Counselling, Legal and Financial Services
- Disability Services
- Learning Development and Study Support
- International Student Programs

INTERNATIONAL STUDENTS

The University offer an International Student Program (ISP) to support international students in engaging with the campus and local community. Connect with other students and have some fun during your degree at UOW. Find out more about the [International Student Programs](#), conversation classes, sightseeing trips and social events on our website.

Careers Support

The [Faculty Careers Consultant](#) works with academic staff, employers and students to develop and deliver targeted services and support to increase employability and graduate outcomes.
